

2016 Top Producing Versatility Dams

To qualify for the Versatile top producers list, progeny must have AKC titles in a minimum of 3 of the 5 categories (1-Conformation, 2-Field, 3-Obedience, 4-Agility, 5-Tracking/Therapy Dog, Tracking, Barn Hunt, Lure Coursing, etc) All titled offspring are included in the list, but not all titles or titled offspring may have counted towards the points. For instance, CGC is not counted in any category, so those progeny with just a CGC title were not part of the calculations, but they have been listed just to highlight the sire or dam contributions. The qualifying progeny points must be a minimum of 15% of the total points across at least 3 categories. For instance, 64 total points needed a minimum of 9.6 points in 3 columns to qualify for a Versatile Top Producer

Offspring earned titles between January 1, 2016 and December 31, 2016

2016 Top Producing Versatility Sires

To qualify for the Versatile top producers list, progeny must have AKC titles in a minimum of 3 of the 5 categories (1-Conformation, 2-Field, 3-Obedience, 4-Agility, 5-Tracking/Therapy Dog, Tracking, Barn Hunt, Lure Coursing, etc) All titled offspring are included in the list, but not all titles or titled offspring may have counted towards the points. For instance, CGC is not counted in any category, so those progeny with just a CGC title were not part of the calculations, but they have been listed just to highlight the sire or dam contributions. The qualifying progeny points must be a minimum of 15% of the total points across at least 3 categories. Example: 55 total points needed a minimum of 8.25 points in 3 columns to qualify for a Versatile Top Producer. The ROM Point Schedule is used for Top Producing Versatility Sires/Dams

Offspring earned titles between January 1, 2016 and December 31, 2016
