Advertising Guidelines:

Listed below are a few suggestions to help you create the best possible advertisement:

Follow the size specifications listed on the order form. Photographs taken outdoors reproduce the best.

Choose a photo in which your dog is in contrast to its surroundings. A light background is best, as Vizslas do not show up well against dark backgrounds.

Consecutive Page Requests – highly recommend that these ads be submitted at the same time – if not, it is possible that they will NOT be placed together.

Page Reservations will be accepted with payment ONLY!

NOTE: We reserve the right to modify ads to maintain conformity and consistency in the catalog.
