Roopa has always been and continues to be a source of joy, laughter, fun, and sweet company. Watching her hunt, show, run, swim, or just sleep under covers makes one smile because she does each with such fervor that you want to join in. Her enthusiasm is evident (and sometimes her own worst enemy) as she dives head first with all her energy and anticipation into most every challenge she encounters.

Roopa's effortless and fluid movement presents itself as a dance that is apparent not just in the show ring but also while simply walking across the room at home. This, combined with her beauty and her typey structure, has proven to make Roopa an exceptional representation of the Vizsla breed. The result has been the rewards and admiration she has received from the many judges and Vizsla enthusiasts around the world. We are honoured to have her in our lives and are proud to carry her lines forward for generations to come.

**Ritu Mihir, Daniel Zilka, Ruth Sinclair-Stephens**
